Effortless Surface Cleaning, For Perfect Pool Water.

ES BewaSkim | Skimmer Pool Robot

For You and Planet Blue.

Silent. Solar-powered. AI-driven.

Always a spotless pool surface thanks to solar-energy and smart navigation driven by AI.

Smarter cleaning. More time to enjoy your pool.

The BWT ES BewaSkim works quietly and intelligently in the background, keeping your pool surface clean while you enjoy the water. Powered by the sun and guided by AI, it continuously adapts its cleaning path to collect leaves, debris and unwanted particles before they become a problem. With smart app control and live water temperature monitoring, your pool is not only cleaner – it is easier to manage. **Less maintenance, less effort, more time in the water**. The BWT ES BewaSkim turns smart technology into a better pool experience, every day.

24/7 Surface Care

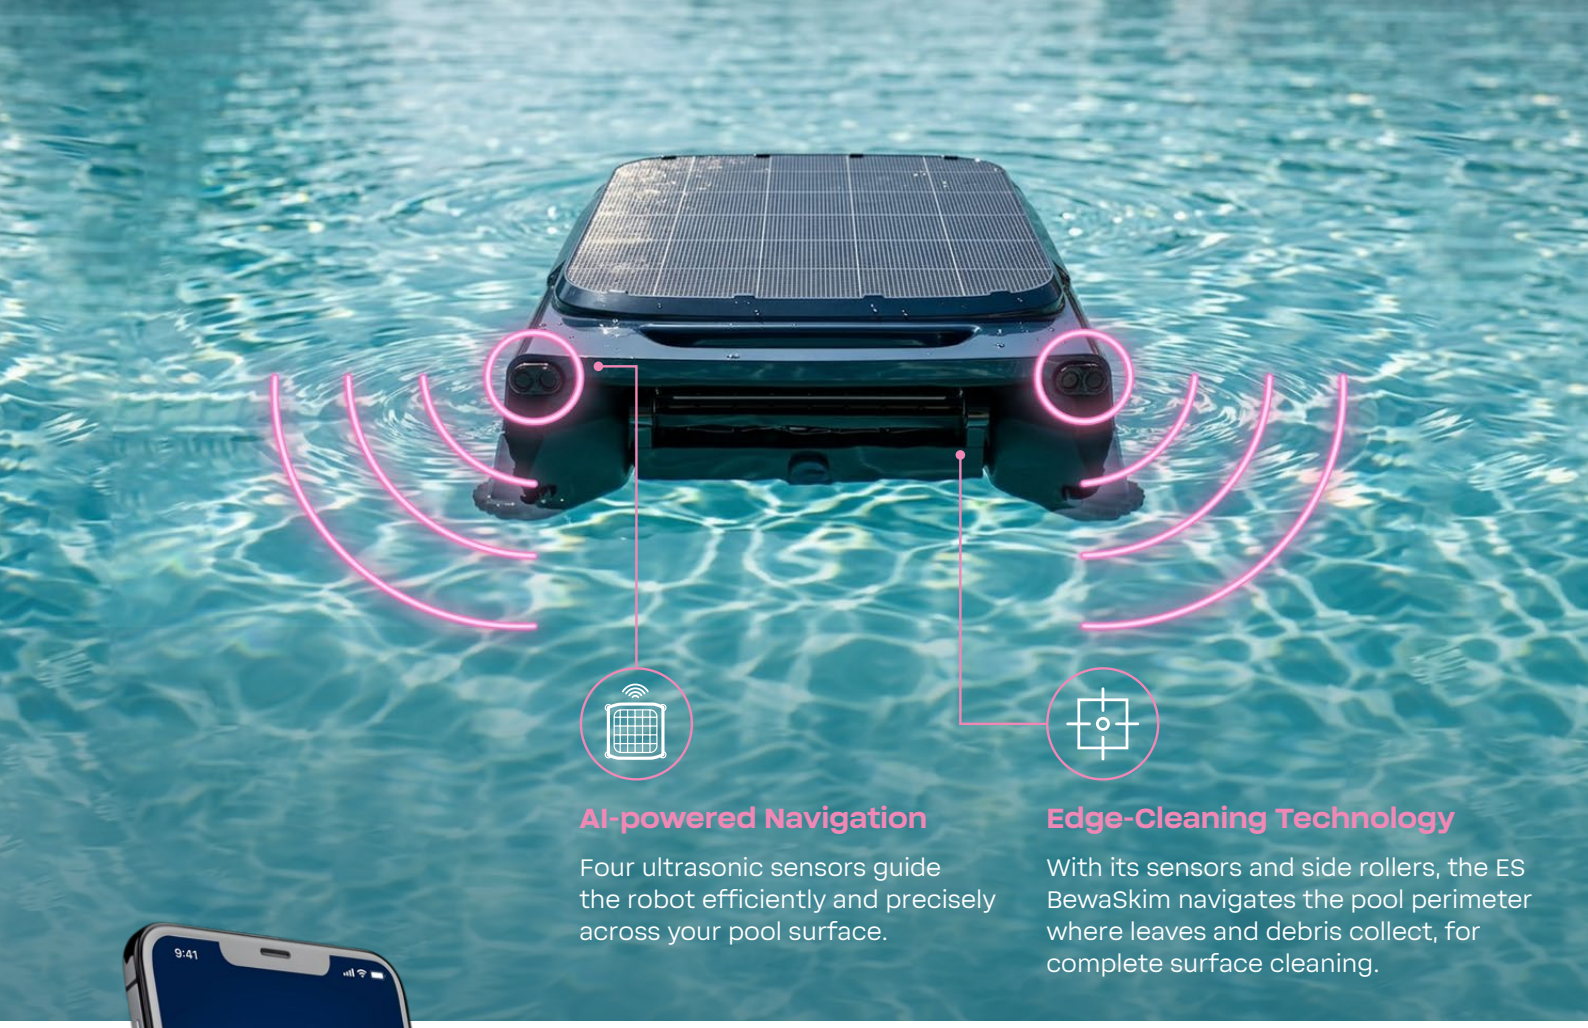
Runs continuously thanks to a combination of solar energy and battery power and can operate for up to 44 hours on one battery charge.

Always Ready

Automatic charging and smart scheduling ensure continuous readiness.

Silent Operation

Enjoy a quiet pool environment with silent operation thanks to ceramic bearing motors that also deliver a longer service life.



AI-powered Navigation

Four ultrasonic sensors guide the robot efficiently and precisely across your pool surface.

Edge-Cleaning Technology

With its sensors and side rollers, the ES BewaSkim navigates the pool perimeter where leaves and debris collect, for complete surface cleaning.

Smart App Control

Control cleaning modes, schedules and settings easily via the app.

Cleaning Modes

STANDARD MODE

Effortless daily cleaning.
Continuous cleaning at standard power for reliable everyday pool care. Activate Edge Cleaning when you need extra attention along the pool perimeter.

ECO MODE

Maximum efficiency, minimal energy.
Ultra-low-power cleaning with intelligent pauses helps extend runtime and make the most of available solar energy.

TURBO MODE

More power. Faster cleaning.
Higher-speed operation for when you want to give your pool surface a more intensive clean in less time.

SCHEDULE MODE

Clean on your schedule.
Set your preferred cleaning times for individual days, weekdays or weekends. The BewaSkim automatically wakes up and gets to work when scheduled.

MANUAL CONTROL

You're in control.
Guide the BewaSkim directly from the app to reach hard-to-clean areas or bring it back to the poolside whenever you need it.

Additional Features

Large Solar Panels

The ES BewaSkim features an extra large solar suface area to capture more of the sun's free energy.

Child Safety Mechanism

Protected impeller blades help shield the drive system from larger debris and prying fingers.

Sun-Seeker Technology

ES BewaSkim's smart energy management system employs Sun-Seeker technology, that intelligently seeks sunlight to recharge when its battery is low and then resumes cleaning once sufficient energy is available.

Large 6 L Filter Basket

The extra-large debris basket holds more leaves and debris meaning lower frequency for emptying and cleaning.

Technical specifications

Feature	Specification
Sensors	2 pairs of high precision ultrasonic sensors
Navigation	AI smart navigation chip
Filtration level	150µm
Filter Basket Capacity	6 Litre
Charging	Solar + DC charging
Max Drive time with one charge	44h
Battery Level Indicator	Yes (LED)
Connectivity	Wi-Fi + Bluetooth
App	Yes (with lifetime OTA Updates)
Remote Control	Via App
Operation	24/7
Impeller Safety Guards	Yes
Minimum water Depth	14cm
Product Dimension	59.5 x 51.5 x 28.5 cm
Weight BewaSkim	5.3kg
Water Resistance	IPX8
Warranty	3 Years* (*3rd year limited)

*3rd year warranty covers motors, power core, and battery.
