

FILTRON SERIES SAND FILTERS

Designed to last

FILTRON SERIES SAND FILTERS

The Filtron range of sand filters are manufactured using high grade fibreglass and resins utilising the latest engineering techniques ensuring high quality and superior strength for long life and durability.

The spherical shape and fibre winding pattern give the filter exceptional strength and resistance to chemicals and corrosion. Complimented with a six function multiport valve the Filtron filter will give years of trouble-free filtering.

FEATURES

- ❑ Fibreglass winding for exceptional strength
- ❑ Clamp band 40mm multiport valves for easy installation and alignment
- ❑ Six function multiport valve complete with quick connect barrel unions
- ❑ High flow underdrain ensures efficient backwashing
- ❑ Easy view backwash sight glass
- ❑ Long life oil filled pressure gauge

APPLICATIONS

- ❑ Domestic swimming pools
- ❑ Spa pools
- ❑ Commercial swimming pools
- ❑ Water features

TEN YEAR WARRANTY

- ❑ Full ten year tank warranty
- ❑ 12 Month warranty on MPV and drain assembly

DIMENSIONS

Model	A / mm	B / mm
FT35	757	400
FT45	817	450
FT55	845	533
FT80	950	635
FT110	1050	710
FT130	1200	800
FT180	1300	900
FT225	1400	1000
FT340	1600	1200

SPECIFICATIONS

Model	Filter Area	Pool Size ltrs	MPV/mm	Flow/lpm	Media/kg
FT35	0.13	35,000	40	100	50
FT45	0.16	45,000	40	130	50
FT55	0.20	55,000	40	160	75
FT80	0.30	80,000	40	225	125
FT110	0.38	110,000	40/50	320	200
FT130	0.40	130,000	50	420	250
FT180	0.65	180,000	50	500	300
FT225	0.80	225,000	50	550	400
